# Report of Principal and School Improvement Council

Another year has come to an end here at Sanders Middle School. We had a very exciting year that was once again filled with many changes. We had new staff members who continued to work with our students over the course of the year to enhance learning. This year we focused on our weaknesses by integrating lessons across the curriculum. We believe that this integration helps students to understand the connections in subject areas and helps them to find relevance in every subject. Students were recognized and rewarded for their hard work in class through our "Super Six" and "Sensational Seven" programs. We also continued our Renaissance program this past year. In addition, we were in the second year of the Positive Behavior and Intervention Supports (PBIS) initiative provided through the State Department of Education. This past year was exceptional for Sanders Middle in the way of exposing our students to new endeavors of life. We were fortunate to be one of three schools in our district to benefit from the 21st Century Grant Award. With this grant, we were able to provide after-school services to many of our students. Students were given remediation in reading and math. We also partnered with the YMCA to provide physical activities for our students, such as swimming. The 21st Century grant worked in conjunction with the McCarthey-Dressman Grant for the Arts. This grant was awarded to only three schools in the entire USA! We received \$10,000 through this initiative. Our students were able to learn directly from professional authors, illustrators, photographers, and storytellers throughout the year and will have lasting murals of Sanders and District history. Improving the educational output and environment of Sanders Middle School is always a top priority! We have continued to upgrade our technology here at Sanders. We have added more interactive whiteboards to bring our total to nine. The plan is to continue to increase this particular piece of technology throughout the building. In addition, we now have a mobile-laptop lab containing 24 wireless units to be used by all teachers throughout the school. This addition should help our students with their research skills and world awareness within the classroom. Another major addition to Sanders Middle School for next year is our Montessori program. Next year will be the first year of Montessori here at Sanders. We will start with a sixth-grade class and increase each year until we have 6-8 Montessori. This is an exciting addition to the Sanders family, and we are looking forward to offering more choices in education for our community. Economic times are tough this year, and we will have to deal with larger class sizes for the upcoming year. We enter into next year with a positive outlook for Sanders Middle School. We continue to encourage our students to be "On Time, On Task, and On Target with Respect," George M. Ward, Principal: Freddie Davenport, SIC Chairperson
